

Quality dental
coverage for
your health plan

Delta Dental of Alaska plans make it easy for your members to access great benefits at a lower cost.

Since 1994, the Pacific Health Coalition (PHC) has been helping member health plans with great benefits and quality healthcare. PHC is proud to offer Delta Dental self-funded administration to the members of the coalition. The members of the National Labor Alliance, a PHC member organization, also have access to this program.

With Delta Dental of Alaska plans, your members have access to high-quality care at a lower cost option. When they visit in-network providers, they save money and pay less out of pocket for their dental care.

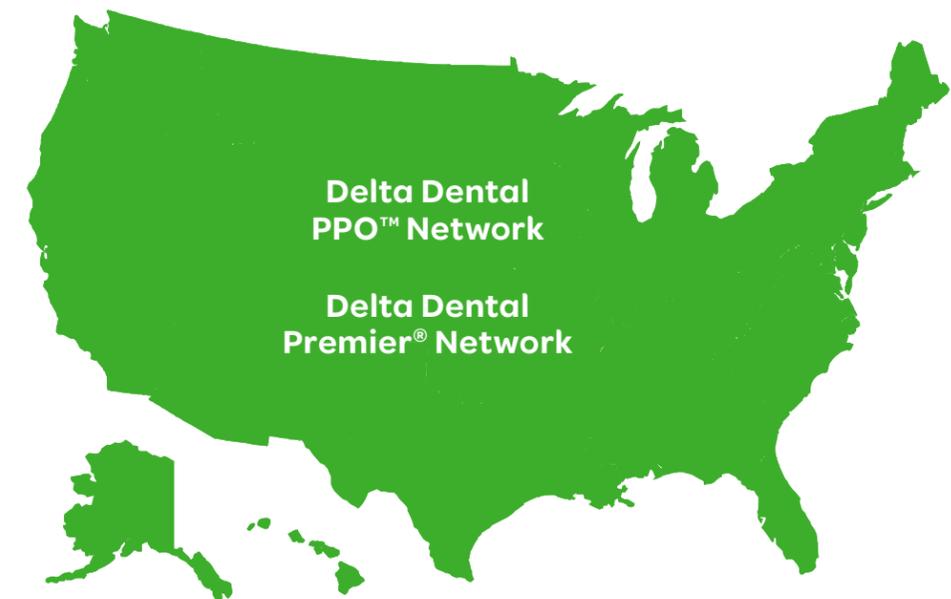

Access one of the nation's largest dental networks

Delta Dental plans connect your members to in-network dentists wherever they go.

With one of the nation's largest dental provider networks, they have access to thousands of quality dentists across the country.

Save with preventive-first plans

With Delta Dental preventive-first plans, your members get greater value out of their benefits. Plan highlights include:

Preventive services do not apply to the annual maximum, giving members more dollars for basic and major services

Preventive services are covered at 100%, with zero out-of-pocket costs for annual exams/X-rays, regular cleanings and periodontal maintenance

While dentists in both networks agree to discounted fees and submit claims, **members will have lower costs and pay less when they see a PPO-network dentist**

Freedom to choose a dentist in the Delta Dental PPO™ or Delta Dental Premier® networks

Delta Dental of Alaska can offer customized plans

Meeting your dental needs

Delta Dental plans can be customized to meet your fund's specific needs. To learn more, please call Albert Fogle at **907-278-2628**.

Benefits that get you more

Our dental plans focus on more than just oral health. We have tools, resources and programs to help members with their whole health.

DentaQual — Find trusted dentists online. Members can view dentist ratings in our provider search tool to make informed decisions about their dental care.

Passport Dental — Passport Dental allows members to submit reimbursement claims for ongoing care or emergencies. 

Oral Health, Total Health — Members with diabetes or who are pregnant in the third trimester are eligible for extra care. This program offers four preventive cleanings or periodontal maintenance visits per year. 

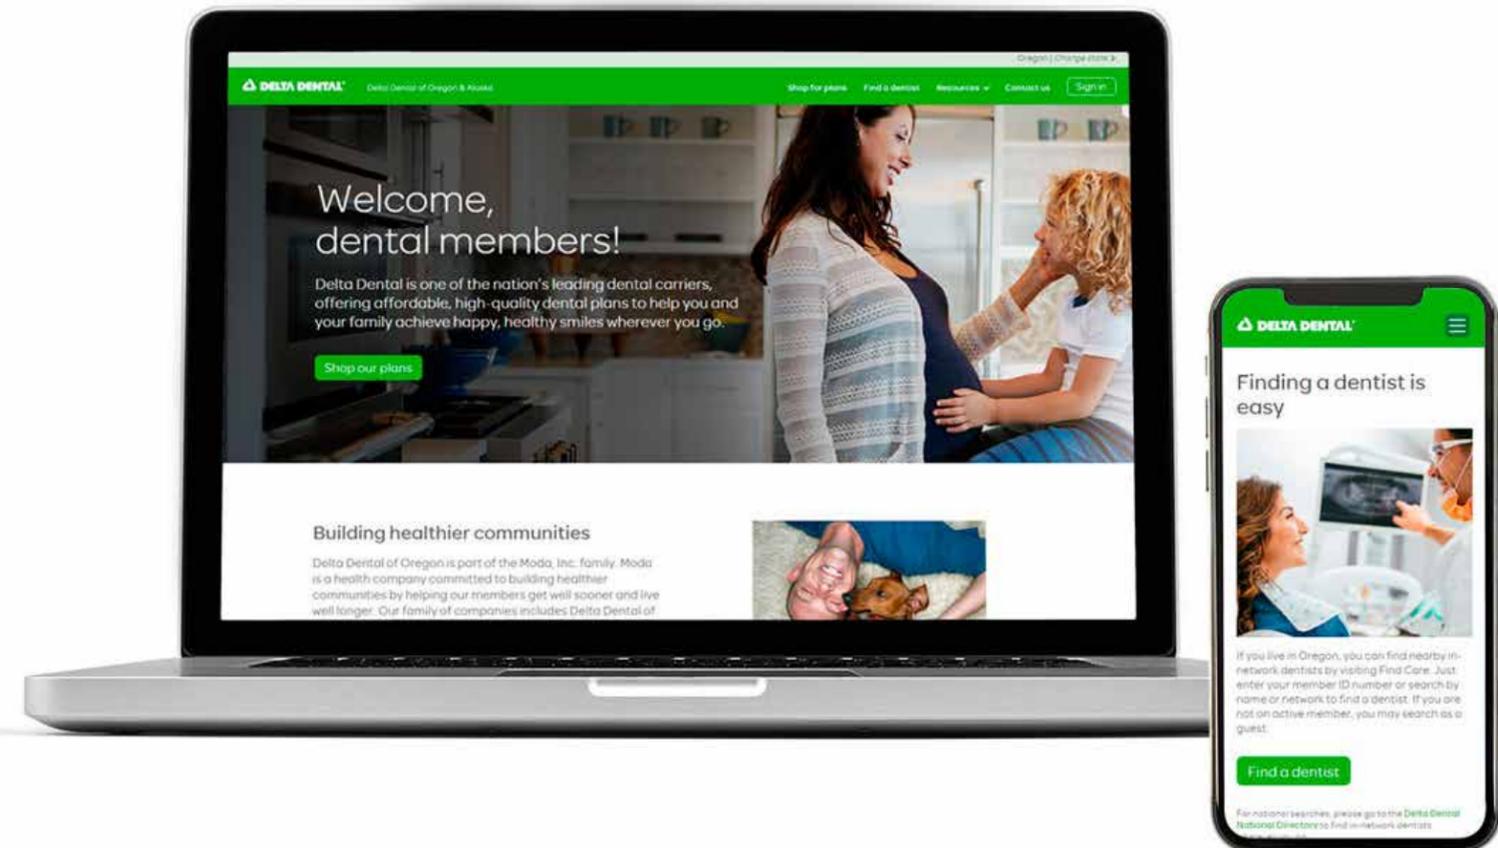

Member Dashboard — Our personal online website, Member Dashboard, gives members a real-time view into their dental claims, benefits, and much more. 

Dental Cost Calculator — For those who need a dental procedure, our Dental Cost Calculator makes it easy to get cost estimates for common procedures and treatments. 

Useful online tools

Our dental plans also include useful online tools, resources and special programs for those of you who may need extra attention for your pearly whites.
